ANNEXURE-3

INDIAN INSTITUTE OF REMOTE SENSING
Department of Space, Govt of India
4, Kalidas Road, Post Box No. 135
DEHRADUN

Technical Terms and conditions for the Comprehensive Annual Maintenance Contract for Computer Hardware/Peripherals and Networking

1. Professional and experienced agency shall deploy the following dedicated manpower at IIRS on 6 days a week basis from 0845hrs-1745hrs to have the AMC as per the detailed terms and conditions and as directed by IIRS officials up to the satisfaction of the department.
 - a. Maintenance engineers CCNA certified - 2 persons
 - b. Maintenance engineers MCSE certified - 2 persons
 - c. Maintenance engineers LINUX certified - 1 persons
 - d. Complaints manager English and Computer literate - 1 person (preferably female)

It may be noted that the above manpower is only indicative whereas the agency shall deploy additional manpower whenever the need demands for it on the advice of IIRS officials. Detailed bio-data with copy of certification must be furnished for our verification with the tender for the proposed engineers to be deployed, **ONLY**.

2. The proposed engineers would be subjected to mock test at IIRS, Dehradun on various platforms to judge their technical skills and problem resolution on various services being deployed at IIRS before awarding the work order (at technical bid stage). If selected persons performance is not satisfactory during the course of AMC period, they need to be replaced on the advice by IIRS.
3. The Comprehensive Annual Maintenance Contract comprises of preventive and corrective maintenance of the systems (computers and peripherals) in virus free environment during the period of AMC w.e.f. date of agreement. The AMC will include maintenance of virus free environment in the entire campus using most effective Anti Virus Software and their updates as and when required.
4. The agency shall have experience in executing similar kind of single work of value not less than Rs. 15 lacs during the past 5 years along with all documents and satisfactory certificates without which the tender is liable for rejection.
5. They agency shall provide complete list of the manpower and their technical qualification for this purpose and also their previous experience.
6. The agency must have established office in Dehradun to support this important and vital AMC and shall provide the support within Two Hours if the deployed manpower are unable to solve the complaint/provide satisfactory service. Agencies interested to quote must enclose proof of local establishment.
7. The agency must have more than 10 years of experience in system/server and network maintenance.
8. The agency shall be able to give full trouble free support to the PC's with DIP/GIS software and general PC's. The agency shall furnish satisfactory certificates of latest year from the company where such job has been executed.
9. The agency shall carry out the following jobs:

- Maintenance of sockets, switches, information outlets (I/O) CAT 6 cable, optical fiber. LAN networking etc.
 - Reconfiguration and maintenance of different network as and when required including internet, webmail server, PDC, BDC, DNS, gateway server, proxy server, application server etc.
 - Repair and Maintenance of overall network (Active components and passive components)
 - Fire Wall System/Software is available, it is to be monitored and reconfigured time to time if problem prevails. If any conflicts within the network arise it should be resolved immediately.
 - In case ISP upgrades the existing Internet facility, all the necessary support and reconfiguration should be done for the internet server.
 - LAN wiring, I/O points etc in LAN and CMS works, as per the scope of work
 - Maintenance and upkeep of all PC's/Workstations and peripherals in all the Departments/Divisions/Entities/Sections of IIRS.
10. All deployed manpower shall maintain discipline, neatly dressed and maintain the office decorum. Any misbehavior with officials, students, foreigners will be viewed seriously.
 11. All deployed manpower shall be available at office as specified above. In case of their leave/ absence, agency shall deploy suitable replacement by informing the concerned official in advance.
 12. The maintenance services will normally be offered between 0900 to 1730 hrs from Monday to Saturday. However, in case of any problem arising, maintenance services shall be extended beyond office hours and also on holidays including public holidays.
 13. IIRS is authorized to test locally developed hardware systems to the extent necessary on this configurations. However, in such cases necessary information will be furnished well in advance.
 14. Configuration of systems agreed upon mutually between IIRS and supplier shall not be disturbed unless absolutely necessary due to operational reasons by IIRS. In such cases the extent and nature of changes will be notified by the IIRS to the Maintenance Agency.
 15. To meet any emergencies created by the failure of PC's or peripherals such items shall be loaned by the firm to IIRS to keep the system operational.
 16. AMC shall include all components i.e Cathode Ray Tubes (CRT) of monochrome and colour video display units of all sizes, types and makes, TFT & LCD's, keyboards keys, knobs, connectors, cooling fans, ribbon cables, cords, fuses, discrete electronic components, LSI and VLSI electronic components, resistors, capacitors, inductors, transformers, ferrite parts, Switch Mode Power Supply (SMPS), Communications Ports, Network interface units, plugs, sockets, connectors, harnesses, printed circuit boards (PCB's), alkaline cells for IBM PC compatibles , all the parts of all types of printers, scanners, digitizers, plotters, external and internal CD-ROM drives and also various media drives such as DAT drives, ZAP drives, cartridges drives etc. and to be replaced/repared immediate at no cost to IIRS.
 17. AMC shall include repair, renovation and maintenance of active and passive components of IIRS computer network. Laying of new or relaying of existing network will be done on per unit rate as quoted by maintenance agency for items as quoted in Annexure III. All repair work shall be guaranteed for 1 year from commissioning. The maintenance agency will have to provide the components and devices

mentioned in Annexure III at the same rate, even if the estimated quantity is not met or exceeded.

18. The company shall maintain an inventory of spare parts (At least 5 flat screen monitors(17"), 3Nos Desktops, 2 Nos 24 port layer 2 Switched, 2 Nos laserJet printers, and 10 Nos other accessories like RAM, HDDs, Keyboard Mouse etc.) at IIRS as per mutual agreement between them and IIRS.
19. The parts and components mentioned in item No. 18 are property of the firm until it is fitted at some place in IIRS; the equipment after fitting is treated as the property of IIRS. Until the parts and components are fitted the company is responsible for its loss, theft or damage including tools.
20. The terms of this contract also include the maintenance of application software and protection to all the computer systems of IIRS against so called "Computer Virus".
21. During the proposed contract period, if any equipment or part or component becomes obsolete then proper upgrade at extra cost shall be done with mutual consultation or IIRS will be at liberty to delete these equipments from the contract. New hardware whenever after completing warranty also shall include to the scope of work under this AMC.
22. Before the system is being accepted for maintenance by the firm, IIRS shall ensure that the system is fully functional. Any fault noticed before accepting the system shall be rectified by the firm and charges will be paid by IIRS.
23. A consolidated report on problems reported on each system, preventive and corrective measures taken will be provided by the firm on a quarterly basis to IIRS. Physical hardware cleaning of systems will also be part of the preventive measures.
24. Normally failure of any system/peripheral will be communicated to the maintenance personnel of the firm and they should attend to the reported failure at the earliest hours and the failure/problem should be rectified within two working days. If the downtime exceeds two days, proportionate penalty will be imposed at the discretion of IIRS and will be deducted from the bill.
25. In case maintenance agency delays to repair or rectify defects within 2 working days from the time and date of report and if downtime increases beyond 48 hrs, penalty of Rs. 200.00 (Rs. Two Hundred only) for every 24 hrs shall be imposed based on the recommendations of System-In-Charge/ITSO soon after 48 hrs from time of reports of such systems downtime. This amount will be deducted from the bills payable to the maintenance agency without any further correspondence on the matter.
26. The test of functioning of the system will not be limited to the running of diagnostics but will also include running of IIRS routinely executed programs. The system-in-charge/ITSO is authorized from IIRS to notify maintenance agency.
27. Payment will be made within 30 days from the date of receipt of bill on quarterly basis after satisfactory completion of each quarter and against satisfactory certification from the system-in-charge on the bills. No advance payment will be made under any circumstances. Inventory of spares are to be made available by the company itself during the contract period. If any spare is not being stored at site the company shall promptly and positively arrange to supply them to the resident engineer.
28. If the Hard Disk damaged during the period of the contract, the same will be replaced by new one free of cost and the damaged Hard Disk Drive will be returned

to IIRS. In no circumstances, damaged hard disk will be taken out of IIRS campus for repair.

29. IIRS reserves the right to terminate the contract at anytime for any part of the period or full period without assigning any reason, if the services are not found to be satisfactory or if it is felt that such services are not required.
30. IIRS reserves the right to extend the validity of the contract by 1 more year, on the same terms & conditions if services are found satisfactory and ISRO/DOS rules permit to do so.
31. IIRS reserves the right to enter into parallel rate contract simultaneously or at any time during the period of the rate contract with one or more tenders.
32. IIRS reserves right to place ad-hoc contract or contracts simultaneously or at any time during the period of the Rate Contract with one or more tenders.
33. IIRS reserves the right to terminate the contract with one month notice.
