

**Online course on  
Space Technology and Its Applications  
(Course No. 6001)  
Course Procedure  
Target Participant- School Teachers**

**Date:** May 27, 2021

**Dear teachers welcome to online course in Space Technology and Its Applications being conducted by Indian Institute of Remote Sensing, Dehradun.** You are now registered participant for this course. We will brief you the procedure to participate in this course.

We hope by this time you must have received your login credentials for IIRS E- CLASS platform. You have to use these login credentials to participate in the course. As per the schedule published by ISRO, there will be two live sessions every day during May 31, 2021 to June 04, 2021. The first session will be conducted from 11:00 AM to 12:30 PM and second session will be conducted from 04:00 PM to 5:30 PM. Each session will have one hour lecture and 30 minutes interactive session. You can ask your question through chat box available in E-CLASS portal or through YouTube Chat Box. Few best questions will be selected by the moderator of the session for the interactions with the Subject Matter Expert.

**Attendance Recording Procedure:**

- Your daily session attendance will be automatically recorded by IIRS E-CLASS portal. If you are joining live session through E-CLASS portal then after 30 minutes of your presence, the attendance will be marked automatically by the system. Please note that during the live session stay on page and do not click on any other hyperlink.
- If you are unable to login to E-CLASS portal during the session due to any technical difficulties or heavy load on the server then you are advised to watch the session through IIRS EDUSAT YouTube channel. Once the live session is over you can login to E-CLASS portal and click on Live session. You will get one live quiz related to recently completed session and you have to participate in this quiz. Once you complete it then automatically your attendance for that session will be marked as “present”.
- You can also watch all the sessions in E-CLASS platform under offline archive after 24 hours of the live session. If you watch same session in offline archive then also your attendance will be marked as present for that particular session. Please note here, you have to watch at least 50% of the session to mark your attendance.

**Award of Certificate:**

All the participants attaining 60% attendance will be awarded course participation certificate from IIRS-ISRO.

Wish you all the best for your course.
