

**Online Course on
Space Technology and Applications
(June 19 – June 23, 2023)
Target Participant- School Teachers**

Date: June 18, 2023

Course Guidelines

Dear Teachers,

Welcome to course on “**Space Technology and Applications**” being conducted by Indian Institute of Remote Sensing, ISRO Dehradun. Please read following guidelines very carefully before proceeding to your online course:

Procedure to participate in the course:

- Please register for the course through URL- <https://elearning.iirs.gov.in/edusatregistration/student>
- On Successful registration in the above website and activation of your account, you will receive your registration number through email. Your application will go through a selection process and all the selected teachers will receive their login credentials of IIRS E-CLASS portal (<https://eclass.iirs.gov.in>) through email.
- **Daily two live sessions** will be conducted i.e. during **1100 to 1200 hrs** and **1600 hrs to 1700 hrs**. The live sessions will be available in IIRS E-CLASS portal and all the participants have to join these sessions after login to E-CLASS portal using their login credentials.
- Based on login sessions of the participant, the daily attendance will be automatically marked by the system. Please note that during the live session stay on web page and do not click on any other hyperlink.
- After completion of live session, the live quiz will also be available for next few hours. You have to attend these quizzes as part of your course.
- If you are unable to login to E-CLASS portal during the live session due to any technical difficulties or heavy load on the server then you are advised to watch the session through IIRS EDUSAT YouTube channel. However to mark your attendance in E- CLASS portal, either you have to again watch the offline session on next day or participate in live quiz available in E-CLASS portal.
- The course schedule will be published in IIRS website and E-CLASS portal. Please follow the course schedule and notifications in E-CLASS for any change.
- You can also download the PDF version of study material for your future references from E-CLASS portal.
- All the technical sessions and learning resources will be available till **July 05, 2023** under your account in the E-CLASS portal. You have to complete your course before **July 05, 2023**.
- You need to submit course feedback after completion of your course. The link for course feedback will be available in E-CLASS portal after June 25, 2023.
- If you missed or not received your login credentials for E-CALSS portal then you can also recover your login credential anytime during the course by visiting following URL- <https://eclass-intl-lms.iirs.gov.in/login/index.php>.

Award of Certificate:

The Course Participation Certificate will be awarded from IIRS ISRO based on your attendance in technical sessions and your score in online quiz assessments. Minimum 60% attendance in technical sessions will be required to get course participation certificate.
