

**Course Schedule- Revised**  
**179th IIRS Outreach Program on “3D Modelling: Tools & Techniques”**  
**April 20<sup>th</sup> – May 1<sup>st</sup>, 2026**

Date	Topic	Faculty	Time
20/04/2026	Basic concepts of Photogrammetry & Introduction to Satellite Photogrammetry	HP	1600-1700
21/04/2026	Break		
22/04/2026	Photogrammetric Products	AJ	1600-1700
23/04/2026	Ground based Methods for 3D Modelling- Close Range Photogrammetry	HP	1600-1700
24/04/2026	Demo on 3D Modelling with Close Range Photogrammetry	HP	1600-1700
27/04/2026	Ground based Methods for 3D Modelling- Terrestrial Laser Scanning	PST	1600-1700
28/04/2026	Spaceborne LiDAR and applications for 3D modelling	SA	1600-1700
29/04/2026	Demo on 3D Modelling with Spaceborne Lidar data	HP/PST	1600-1700
30/04/2026	GNSS and its utility for control data collection	AK	1500-1600
30/04/2026	SAR Interferometry for 3D modelling applications	AJ	1600-1700
