

Dear Coordinator and Participants,

Examination of **62nd** IIRS Outreach Programme on "**Geospatial Inputs for Enabling Master Plan Formulation will scheduled** from **02nd September 2020**.

Participants of your institution can attend the exam **as per schedule only.**

Date of Examination: 02nd September- 04th September 2020

Timings: 1000 Hrs to 1500 Hrs

Total Marks: 50 Marks & 25 Questions (MCQ/True or False/Match the Followings/etc.)

Duration of Examination: 30 Minutes

Mode of Examination: ONLINE Only

Examination URL: <https://elearning.iirs.gov.in/>

Select as a participants

Username & Main login Password: *Allotted to participants during registration, if they do not receive password they can reset from*

https://elearning.iirs.gov.in/mdl/login/forgot_password.php

Note:

1- Please attend the examination from your Home, No need to go to your Institution/Organisation.

Encl: 1-Examination Procedure

2- There is no Quiz Password for this examination

Welcome Note

Dear Participants,

Welcome to the Indian Institute of Remote Sensing (IIRS) outreach E-Learning Education Programme. Further to welcome you to the course, we would like to give you some helpful information and a few hints to complete this course successfully. Indian Institute of Remote Sensing (IIRS) under Indian Space Research Organisation, Department of Space, Government of India is a premier Training, Educational and Research Institute established for developing trained professionals in the field of Remote Sensing, Geoinformatics and GNSS technology for Natural Resources, Environmental and Disaster Management. The Institute is offering capacity building programmes ranging from three days to two year programmes. The Institute is also providing technology tools for the collection, storage and analysis of geospatial data. Planners and decision makers utilise geospatial technology in various fields such as agriculture, forestry, mining, market research and urban management.

Indian Institute of Remote Sensing (IIRS) has initiated its interactive distance education based capacity building training and IIRS outreach programme in the year 2007. Through this programme, over 10,000 students and researchers from 110 universities/institutes across the country have been trained in the field of geospatial technology. This was accomplished through ISRO's communication satellites, satellite interactive terminals and A-View software.

To further enhance the outreach of geospatial science and technology, IIRS is now introducing e-learning based certificate course on 'Remote Sensing and Geo-information Science'. For some of you, this might be your first experience of taking up an online course. Online courses provide the learners an easy way to study and develop various skills. You have to maintain the same standards of excellence that are required in face-to-face courses. You will come to know that, as an online learner, self-motivation and discipline are very important. You are completely responsible for managing a regular and methodical study system.

We are offering eight basic level programmes in e-learning mode. They are: Image Statistics, Basics of Remote Sensing, Photogrammetry and Cartography, Digital Image Processing, Geographical Information System, Global Positioning System

Pattern and Type

You are required to use the latest browsers (Preferably Firefox/ Chrome/ Opera), old versions of browsers are having problems with the exam system. Please follow the given instructions below.

There will be 25 questions in the exam of standard duration 30 Minutes.

Satellite Photogrammetry and Its Application consist of Total 25 MCQ's.

Each Question carries 2 mark

Minimum passing mark is 20

No re-evaluation/ re-checking for online examination.

The pattern of online examination is multiple-choice questions. Match the following, True or False etc...

All questions are compulsory.

If the exam stops in between before completion, please refresh the page/ restart the exam.

Please note your marks in front of coordinator/inviigilator and get his/her signature in the sheet for your future reference.

Do not press backspace button on keyboard during examination.

Do not close the browser when the test is going on.

There is no negative marking.

Disclaimer

Coordinator/Individual Students taking up the exam is responsible for uninterrupted internet connectivity, power back up, and availability of computer system in working condition/availability/future.
