

How to receive the program via internet?

Universities/Institutions who want to participate in the program but do not have the SIT facility at their university/institution can participate with the help of A-VIEW Software which is developed by Amrita University. This software can be downloaded from the A-VIEW website. Following are the requirements for setting up the classroom:

- High end Computer + Speakers (Windows OS)
- A-VIEW software (free to download from www.aview.in)
- National Knowledge network or any other high speed internet facility (Preferably without firewall) with minimum of 2 Mbps speed connection.
- Large Display Screen (Projector or TV)
- Classroom

Once the facility is installed coordinator must be identified at the university and registration of participants to be done.

For interested **individuals** register online and fill application form (hard Copy).IIRS will inform such individuals to get their application forwarded from one of the existing participating universities.

The candidate than have to appear for examination at this centre/university for certification

Note: Institutions/universities have to bear total expenses for establishment of the classroom facility. However, this IIRS training programs is offered without any cost.
